### *Baby course: 1-3 years old*

Children who start learning French at an early age are often able to acquire the language with ease. Furthermore, research has demonstrated that learning a foreign language at an early age has a positive effect on intellectual growth and leaves babies with more flexibility in thinking, greater sensitivity to language, and improved cognitive skills.

### *Toddler course: 4-6 years old*

The main objectives of this class are to build the vocabulary, to acquire the French phonics and to learn to socialize. These playgroups are also an excellent preparation for school, as they will give your child the opportunity to learn to get along with others, listen to the teacher's instructions, and to practice maintaining focus for one hour during class.

### *Children course: 7-11 years old*

At the end of the class, the beginner students will be able to introduce themselves in French and talk about their environment (family, school, pets...). They will understand basic class instructions, count to 20, identify colours, etc.

This class is also suitable for intermediate students who want to boost their French during summer.

### *Teenager course: 12-17 years old*

Students will acquire a solid foundation in French. Grammar and vocabulary will be covered, and students will get to hone their reading, listening and speaking skills in a small class setting.

Exam preparation courses for the following are available upon request: UK - IGSCE, AS; HKDSE; US SAT & AP; IB; DELF/DALF.

Duration is 1 hour for all classes. No trial lesson (if you want to try, please arrange an appointment before the package starts).

Reservation is subject to payment of a deposit of 50% of the total tuition fee. The deposit is not refundable.

Full payment is due before June 30<sup>th</sup>. Once courses have started, cancellations will not be accepted and no refunds will be issued, unless FrenchTouch.hk is not able to provide the course.
